

NEW EXHIBITION AT THE IRONWOOD GALLERY

AYESHA

The River Series: Fluid Forms in Metal

JULY 8 – AUGUST 19, 2001

We are pleased to present an extraordinary body of work by a visionary metalsmith. Ayesha's tactile vessels and sculptural forms in copper and silver, and her exquisite gold and silver jewelry share a style that is uniquely hers. Organic forms and fluid shapes with rich patinas are a treat for the artistic soul.
